

ENGAGEMENT SESSION

ENGAGEMENT PHOTOS / VIDEO

At least a few months prior to your wedding, we will discuss details and a location for your engagement shoot.

Engagement sessions are a great way to get to know your photographer prior to your wedding, in a more relaxed setting, while learning some useful posing tips so that you'll be comfortable and confident on your wedding day.

Similar to engagement photos, an engagement video is a great way to announce your engagement, share a few stories about your relationship, how you met, your proposal story, your first date, etc. Some couples also choose to play the video at their wedding!

Many couples use their engagement photos for their “Save the Dates” or wedding invitations, for displaying at the wedding (center pieces, sign-in board, guest book, etc.), or for posting to their wedding website or social media.

The photos will be posted to an Online Gallery for viewing, sharing, and downloading. This also includes full usage rights to use any of the digital files or video as you wish.
